Description

SlimSpa Hot Gel Cellulite Treatment 16 Oz

Thermo active hot gel, is now available to help men and women for effective and real results with cellulite, slimming and size reduction. Its blend of natural herbs ingredients have been used for you as an effective and successful cellulite treatment. Methyl salicylate (oil of wintergreen or wintergreen oil) is an organic ester naturally produced by many species of plants, particularly wintergreens. used topically as a remedy for cellulite, poor circulation, rheumatism, inflammation. Camphor is an active ingredient and is readily absorbed through the skin producing either a coolness or warmth sensation. Camphor is used topically to increase local blood flow, which means a better and stronger activation and effect on cellulite and metabolism process.

Centella Asiatica extract known as Gotu Kola is a medicinal plant that has been used in folk medicine for hundreds of years.

This herb is effective in improving treatment of small wounds, hypertrophic wounds as well as burns. It increases also the synthesis of collagen for a healthier and firmer skin quality.

Research results indicate that it can be used for cellulite, photoaging skin and striae. Silymarin is a strong antioxidant, stronger than vitamin E and has anti-inflammatory properties scientifically proven to be efficient. Fucus Algae is considered as an enhancer of basal metabolism.

For this reason, this plant is recommended for the treatment of cellulite. Algae contains Iodine which has antibacterial properties due to its vitamin C, lauric acid, polyphenols and chlorophyll. Excellent Quality product for real cellulite reduction and improvement through daily massage.
